Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant's representative telephoned examiner regarding the filing of a terminal disclaimer to overcome the non-statutory double patenting rejection in view of 10/056,682 given in the previous Office Action. Applicant stated that because the present application is 10/056,682, the examiner probably meant to base the rejection in view of copending application 10/056,683. The examiner concurred with Applicant's assertion, and Applicant has filed a terminal disclaimer to overcome the non-statutory obviousness-type double patenting rejection in view of copending application 10/056,683.
